# Vintage bulb creates atmosphere

The pear-shaped vintage light bulb is a beautiful, decorative light bulb in the traditional pear form. Originally the vintage light bulb was designed for use in boat lamps, where there is special need for reliability and longevity. The handmade Vintage light bulbs gives a distinctive warm light and the visible filaments create a uniquely beautiful atmosphere. The Vintage light bulb is suitable for use in both outdoor and indoor lamps with a visible bulb. The bright light fits nicely into a contemporary design, and this 20W version is special made to save energy. The Vintage light bulb works ideally with all types of dimmers.

The light bulb is shown in full size
